PRECISION CONTROL • LOFTY JUMPS • FAST TURNING • HUGE RANGE

LIGHTER, STRONGER, FASTER, SMARTER!

The 2009 MAYHEM is the latest in Caution's line of high performance kites. The design team's goal for 2009 was to refine the Mayhem line by tuning up it's high performance characteristics to meet the needs of intermediate and advanced kites.

The 2009 MAYHEM offers unparalleled turning speed with Caution's precision turning dynamics and our clean 4-line short bridal system. With an expanded "sweet spot" and ergonomically correct limited throw the Mayhem offers lively response and the ultimate in upwind riding ability. The Mayhem's new 5 strut frame offers a reduction in canopy weight and faster inflation. Caution's acclaimed control system offers functional simplicity, and one of the industries few maintenance free trim loops.

Sizes include: 7, 9, 11, 14, 18
(All Kites Measured in Flat Area)

New for 2009:

- Quicker response and snappy handling
- 5 strut design with Caution's proven Single Turbo Inflation System
- New leading edge closure seam
- New failproof distribution valves
- Short bridles and new rear line traveling trim attachment point
- Increased stability and expanded sweet spot
- Exclusive Flex Strut Union for durability and ultimate performance

Control Bar

- Precise steering characteristics
- Adjustable Bar pressure (ranging from low to fixed pressure)
- Variable bar throw with on-the-fly adjustable stopper balls
- User friendly 4 line bar: no Pulleys or needless clutter
- Ergonomic Carbon Bar prevents hand fatigue
- Spinning safety leash suitable for beginner through expert riders
- Quick-Fire Safety Release with newly contoured grab handle
- Trim loop designed with unhooked riders in mind
- 24 meter Dynema color coded premium flying lines

Durability and materials

- Quality materials from industry leaders such as Ronstan, Teijin, DP and Cousins
- Caution's quality bullet proof construction
- Glued and triple stitched seams
- Double ply trailing edge
- Low stretch panel layout
- Unique Speed Struts

Kites come complete with

- Caution's premier high performance Carbon 4 line bar
- Largest aluminum shafted pump in the industry
- Back pack carrying bag
